**Menard on racing at Martinsville Speedway:**

"I've always enjoyed racing at Martinsville. In our first race of the season at Martinsville, qualifying was rained out and we had to start the race near the back. Larry (Carter) and all the guys have done a good job with focusing on qualifying lately to help us get better track position to start the race. At Martinsville it's imperative that you get a good starting position. If not, you are already behind the 8-ball and have the leaders on your bumper just a few laps into the race.

"We tested our No. 98 Schrock / Menards Ford Fusion at Little Rock last week and are looking forward to a good run this weekend."

**Crew Chief Larry Carter on racing at Martinsville Speedway:**

"We've worked really hard on our qualifying efforts. I think every crew chief in the garage will tell you that you having track position, especially at Martinsville is key to having a good race. We have to get in there on Friday, have a good practice and qualifying and I think it will be a good weekend overall the for the No. 98 Menards team."
